Pipelines Laid In F'Ville For Lavon Water

Residents of Farmersville get their first taste of Lake Lavon water this week-end, due to efforts of Mayor R. B. Beaver, the City Council, and Congressman Sam Rayburn, to relieve the little East Collin city of water shortage.

Congressman Rayburn assisted the town through Civil Defense channels, in getting needed pipe lines and pumps to bring the water into the stricken city. The town had been suffering for lack of water for several weeks, and its use had been restricted to emergency use.

Farmersville is one of the towns in the North Texas Municipal Water District to be supplied by Lavon Lake the latter part of this year.

Pipelines are being laid this week and by the end of the week there should be plenty of water to everybody in the area.

Capt. Roy Hall met with representative group of the McKinney Independent School District Board of Trustees Wednesday morning at 11 o'clock in the superintendent's office. Three of the trustees and several others were in attendance.

The purpose of the meeting was to discuss the present tax issue which has been brought about by a raise in taxes of property in the school district. Capt. Hall represented a group of taxpayers who are protesting the tax raise.

School Board Gratified At Interest Held

The Board of Trustees of the McKinney Independent School District, when called upon to comment on the meeting at Finch Park last night, stated that "the interest of the general public, as evidenced by the gathering, was an encouraging sign of the peoples awareness of the many problems confronting the management of our school system. The meetings and the records of the school board are public property and have always been open to the public and the press. Realizing that the interest and the active participation of the taxpayers of the district is vital to good schools, the board has always urged interested parties to attend their meetings. It is only through a well informed citizenry, taking an active interest and participation in school affairs, that our school system can continue to progress."

Absentee Voting In July Primary Began This Week

Absentee voting got off to an average election year start in McKinney this week as those who plan to be away from home on election day, July 28, began to take advantage of their privilege of casting ballots before that date.

County Clerk Hagy said several persons had been in his office to mark their ballots and that he had mailed out 31 to those who requested the ballots sent. Absentee voting will continue through July 24.

Only persons who are going to be out of the county on election day or who will be unable to vote at their regular voting places for medical reasons are eligible to cast an absentee ballot.

One who anticipates being out of the county must send his written request for a ballot, enclosing his polltax receipt or exemption and a doctor's certificate.

Separate request must be made by husbands and wives, although both requests, together with poll tax receipts, may be mailed to Mr. Hagy in the same envelope.

Old Fiddlers' Contest Judges Are Announced

The Board of Directors for the picnic association announce that three outstanding and well known men have accepted invitations to serve as judges of the old fiddler's contest, a special feature, at the 1956 Picnic and Reunion.

The judges will be Bobby Williamson, well known radio-TV entertainer and recording artist of Dallas. Bill Switzer, Master of Ceremonies, vocalist and musician for his own Western Swing Band of Sanger, Texas, and Lee (Pop) Myres, heard for ten years as "Pop" on WFAA's Saturday Night Shindig. All three of the men are accomplished musicians in thier own rights, and since they have been associated with "fiddlers and fiddle music" for many years, they are well qualified to judge the contest which will be held at the picnic pavillion in east McKinney Thursday night July 26, at 8 o'clock.

"Protest Meeting" Attended By Over 3,000 At Park Last Night

★ ★ ★

A crowd estimated at 3,000 or more persons, gathered in Finch Park Wednesday evening in response to a call by Capt. Roy F. Hall, concerning the tax re-evaluation situation in the City and McKinney Independent School District.

The meeting was called a "Protest Meeting" by Capt. Hall, against the effort being made by members of the McKinney Independent School District Board to materially increase property valuation for tax purposes.

Capt. Hall, in his opening remarks explained the purpose of the meeting, which was of interest to all taxpayers and property owners in the district.

It will be remembered that several months ago the City Commission and the McKinney School Trustees employed the services of the Andy Capers Evaluating Firm of Fort Worth, to make a survey of all property within the McKinney Independent School District, and the City of McKinney, appraising the property thereof.

Since the re-evaluation has been made property owners have become qDuite concerned over the issue, many of whom protest the new renditions in both the city and school district.

In Capt. Hall's remarks, he stated that he had made trips to Sherman, Denison and Denton, all cities of about the same size as McKinney, investigating their systems of handling the tax situation.

He called on Douglas Tarvin as the next speaker, Mr. Tarvin having recently resigned from the School Equalization Board, and having made a public statement to that fact through the press.

Tarvin read resolutions, asking the present School Board to resign which were adopted at the meeting.

George Smith, owner of Radio Station KMAE, was the final speaker for the evening, and introduced a resolution directed against the acts and procedures of the School Board and City Commission, and proposed that both bodies be requested to immediately tender their resignations. A unanimous vote of these present was made in approval of the resolution and the group was then called upon to personally sign the resolution. Some 900 people signed the resolution after the meeting was dismissed and other signatures were being added Thursday. The resolutions are at Station KMAE and open for signatures through Saturday.

The School Board has requested the Daily Courier-Gazette and Weekly Democrat-Gazette to publish the resolution and signatures after it is presented to the Board, early next week.

The crowd was orderly throughout the meeting and the speakers could be clearly heard throughout the park, by means of the public address system.

Minutes of the meeting were recorded by O. E. Smith.

The resolutions to the School Board, presented by Mr. Tarvin are as follows:

"A RESOLUTION:

"Whereas, with full confidence in their judgment and representative ability, we, the voters of the McKinney Independent School District elected the present members of the McKinney Independent School District Board to the positions they now hold on the board of trustees, and.

"Whereas, the McKinney Independent School District Board has expended tax monies intended for school purposes only in employing an out-of-county evaluating firm to place excessive valuations on our real property, and.

"Whereas, believing that such excessive valuations will seriously undermine our solid school structure and do irreparable damage to the City of McKinney, and

"Whereas deeming the McKinney Independent School District Board to have acted in such an unwise, unrepresentative and dictatorial a manner as to destroy the trust and confidence we have placed in them, and.

"Now Therefore, Be it Resolved that in conclave assembled, and by a majority of the votes of the voters of the McKinney Idependent School District present, we request that, individually and collectively, the present members of the McKinney Independent School District Board, tender their respective resigations affective immediately."

The trustees in the McKinney School District, involved in the issue are: Dr. J. P. Derryberry, president; Malcolm L. Wilson, James Redden, Worley Smith, Fred McKinney, J. B. Merriman and C. E. Winniford.

The School Tax Equalization Board is composed of H. L. Shoap, Roy Roberts and Frank Blackwell.

The Equalization Board began hearings on June 28, continuing registration through July 3. Some 1,200 people registered for a hearing and to date over 700 have been interviewed.

The City Commission, composed of Mayor W. R. West and Commissioners George W. James and Geldon Roberts, have been in session this week, as an equalization Board for the City.

Some 750 persons have requested hearings with the City Equalization Board ,and through Wednesday had interviewed 114 persons.

THE HOME TOWNERS
"THE GREEN LIGHTS ARE ON IN McKINNEY AND COLLIN COUNTY"

▶ THERE ARE a lot of people that live and gloat on "rumors" and like to go up the streets of their home town and talk and say ugly remarks about their fellow man. These kind of citizens have never known to build a community, have never known to be real Christians. It is time that a lot of us take stock of ourselves and prayerfully ask ourselves, "Am I a Christian"? Did I say and tell a lie about my fellowman today? Did I do something that will hurt my community and my church? Am I being a builder or am I tearing down the things that will build a better place in which to live and rear my family? Constructive criticism, with love in your heart, when you do criticize, will always win over hate. Your Home Towners admit that we do not live the kind of lives daily that we should and we need help just as do many many more people. Let's all of us try to help each other and we will be happier by doing so.

HOW TO BECOME A GOOD LISTENER!

1. Help the other person express himself by asking good questions.
2. Avoid thinking about what you are going to say until the other person has finished talking.
3. Look straight into his eyes.
4. Show interest. This will depend on the sincere concern and love you have for him.
5. Practice the discipline of remaining silent especially when you are fairly bursting to tell a story.
6. Give advice sparingly and try not to be a judge.
7. When you talk, don't hurry.
8. Never violate a confidence.
9. Realize you learn most by listening, not talking.
10. Try the technique of directing prayer thoughts at the person talking, especially if he is having difficulty or is burdened by a problem.

Kelly Waller Is Visitor To Clients In McKinney

Kelly Waller of Dallas was a business visitor in McKinney recently called on his client, Wilder-Landers Insurance Agency.

Waller formerly lived in McKinney, being the son of Mrs. W. K. Waller and the late Mr. Waller, of Dallas. His father conducted an insurance agency in McKinney before moving to Dallas. The son, following in his father's footsteps, was with the same company for a time. About 15 years ago he joined the General Insurance Company of America group, and after a number of years in Seattle, with time off to become a pilot in the Air Force, he returned to Dallas a year ago to open divisional home offices in Dallas for Texas, Okla. and Arkansas.

In commenting on his company and the service it offers, he stated:

Our companies are among the group assets of almost $200 million, and writing the 15th largest premium volume of fire insurance in the country. This impressive record has been possible due to a plan whereby we write only the preferred risks and pass the savings on to policyholders.

We are very proud of our connection with Hap Wilder and Bill Landers, as we believe them to be honorable and energetic young men. With our proposition and their local service the people of McKinney should welcome the opportunity to make a savings on their insurance.

SALE

We have operated our stores in McKinney for the past six months without having staged a single store-wide sale. It is now our intention to end our Summer season with a NINE DAY NO PROFIT SALE, starting Thursday, July 19 and lasting through Saturday, July 28. During this time you will be able to buy any and all summer merchandise at cost.

Our purpose in conducting this sale is to clear our stores of summer goods, make room for fall merchandise, and to reduce our stock on hand prior to taking our semi-annual inventory.

This is a sale that stands on its past reputation. Therefore, it needs no further introduction to the people of McKinney and Collin County.

Some of our customers may have spent most of their available cash on vacations, etc.; therefore, you may select any merchandise and, by making a substantial payment, place your purchase in our LAY-AWAY department, to be taken out at your convenience. No charges will be made during this sale unless your June account is paid in full.

COME EARLY . . . You will have a bigger selection to choose from. If you were among the lucky hundreds who took advantage of our previous NO PROFIT SALES, we need say nothing further.

Dairy Management

Lack of moisture to maintain good growth on perennial pastures in this area has brought about need for earlier supplementary feeding to maintain milk flow. As plants become more mature, their untritive value declines, especially the percentage of protein.

As the protein content of the roughage drops, the protein in the concentrate ration must be increased to maintain total protein needs for optimum milk production. Unless this is done then a slump in milk output is certain.

Here are a few pointers to follow in the summer months which may be considered by dairymen: (1) Feed hay or silage to supplement pasture; (2) Increase protein content of concentrate mixture, depending on the quality of roughage the cows are getting; (3) Provide sufficient shade to protect herd from extreme heat. Graze early and late in day to avoid heat; (4) Provide an adequate supply of clean water. Cool water is best, of course; (5) Plan for early seeding of fall grazing crops. Keep ground clean and in shape to hold moisture.

One tip in buying hay is that best buy is usually in hay cut while plants were young-thus higher in leafiness and in protein content. For example, at $24.00 per ton Johnson-grass hay cut before bloom will provide productive energy at 3.0 cents per therm (Unit measure of energy) while at the same price for mature Johnsongrass the unit cost will run 3.6 cents per therm. This means that the more mature hay is 20 per cent more expensive.

Another way to put it is that you can afford to pay about $28.80 per ton for young Johnsongrass hay when the price of mature hay is $24.00.

The same principle applies in the case of various qualities of legume hays.

New Variety of Cotton and Wheat Released

The Texas Agricultural Experiment Station has announced that planting seed for Blight-master, a disease-tolerant, stormproof cotton and Crockett, a new high-test weight, early maturing, good quality, hard red winter wheat for Texas, will be available in 1957.

Available from the Agricultural Information Office are publications, L-292, Blightmaster and L-288, Crockett which describe these new and improved crop varieties for Texas.

Tests indicate that Blightmaster will yield as much under blight-free-conditions as other stormproof varieties now grown in Texas, and greater yields may be expected under heavy blight conditions. Staple length is 15-16 to one inch. It is adapted to stripper harvesting: is medium in maturity; semi-spreading in growth habit and is recommended for areas of the state where a stormproof variety is desired.

The new hard red winter wheat for Texas has good disease resistance, early maturity, high yields, high test weight and high milling qualities to its credit. Crocket wheat is recommended for the Panhandle and South Plains wheat areas and also for the Rolling Plains and north-central Texas wheat areas. Individuals interested in producing certified seed of Crocket during the 1956-57 crop year may obtain foundation seed from the Foundation Seed Section, Texas Agricultural Experiment Station, College Station, Texas.

What's New In Furniture?

At the annual "Summer Market" in Chicago, furniture buyers from all parts of the country had a preview of new ideas in the home furnishing field. Here are some of the things which they saw:

First of all-Color. Strong colors predominate in upholstery fabrics. Soft pastels have really moved into the kitchen. One furniture manufacturer reported that green is edging out blue as the color preference of funiture buyers. And browns, once about impossible to sell, are appearing more and more —true browns, that is—without red tones.

Gold tones on fabrics-and gold or metallic flecks are still popular. Off-white and beige floor coverings showed up continuously in the displays.

Simplicity of upholstered furniture design reflects the Swedish influence. More maple and cherry woods are making their appearance—with early American and Provincial styles reigning in this group.

Specially noted were hundreds of sideboards with open or glass door hutches. Also bookcase and cabinet beds in great numbers in bedroom displays. All with beautiful wood finishes, muted stained tones rather than natural wood color.

Round dining tables are coming back with a bang. In some instances heavy center pedestals are split down the middle to allow expansion of table and insertion of extra leaves.

Dinette furniture favors steel tubing instead of wrought iron. Wood-grain plastics give richness to appearance—and brass or brass plated metal rods give interesting decorative touch.

Wrought iron, is a favorite for outdoors and garden-living room chairs and tables. A wrought iron contour chair is new-with woven wire seat and back. This can be left outdoors all the time. Woven yacht cord seats and backs are also available as are cotton or terry cloth slip-on covers.

Cocktail tables, occasional tables, of all shapes and sizes come with highly polished tops and frequently with leather insert tops for easy cleaning. No glass or mirrored table tops were to be seen.

Civil Employes Not Permitted To Take Part In Conventions

Roland Boyd, local attorney, states that Speaker Sam Rayburn has been asked if Federal Employes are eligible to attend precinct political meetings. He recently received the following letter from the United States Civil Service Commission, Washington, D. C., which is self explanatory, and which we pass on to our readers:

Honorable Sam Rayburn
Speaker of the House
House of Representatives
Washington, D. C.

Dear Mr. Speaker:

This is in reference to your telephone call today concerning the attendance of Federal employees at party conventions in the various counties throughout Texas for the purpose of electing delegates to the state convention.

Federal employees are permitted under the Hatch Act to attend political party conventions where such conventions are open to all voters to attend. They may vote for delegates to the state convention. However, in attending such conventions they may not attend as a delegate, alternate or proxy, and must not take any active part in the convention, such as making motions or being members of any committees of the convention, but must confine their activities to that of voting.

Sincerely,
George M. Moore
Commissioner

Mr. and Mrs. Wofford Thompson Jr. of Dallas, are spending a few days in McKinney with his parents, Editor and Mrs. Wofford Thompson Sr.

Mr. and Mrs. Lee Strickland and children, of Chambliss, visited his mother in Denton County, recently.

LETTERS FROM ... THE PEOPLE

The Daily Courier-Gazette,

I have just received a letter from Texas Land Commissioner,

Dear Mr. Andrews:

For your convenience I am enclosing a Press Release of the results of the last sale on July 3, 1956.

Earl Rudder, Land Commissioner, by Chas. R. Leggott, Sales and leasing division.

As it is of special interest to the tax-payers and school children I will thank you to run said release. It will be remembered that by Dec. 1955 the tidelands had yielded over $58 million and if the bids referred to in said Release are approved and paid it will increase our permanent school fund by 332½ million dollars. But as a special appraising committee from Ft. Worth has seen fit to increase the rendition of McKinney property to what many McKinney property owners think is unjust and unconscionable and as thousands of McKinney citizens have protested and neither the McKinney School Board nor City Commission is bound to adopt the said appraisers figures but are free adopt the 1955 renditions with some increases in exceptional cases, and thereby abide by the law and do justice to the property owners.

During the last 50 years the state has hiked the per capita money for every pupil, white and black, from about $6 to $69. And, if the taxpayers will aid J. Earl Rudder, the Land Commissioner to collect the money due our school fund it may be possible to raise the per capita to $100. and then levy only enough special tax to provide buildings.

Some people may not believe in the old Bible. Read Chapter 12 of 1st Kings.

Rehoboam refused to make the burdens of his people light but said "My father did lade you with a heavy yoke, I will add to your yoke. My father hath chastized you with whips, but I will chastize you with scorpions.

What became of said Nation?

T. C. ANDREWS

BRIDE IN HOME WEDDING

MRS. JOE FRANK MARCHANT

A wedding, beautiful in its simplicity, was solemnized Saturday evening at 5:30 o'clock at the home of Mr. and Mrs. Tom W. Perkins Jr., 1007 Tucker Street, when their daughter, Miss Clara Marie Perkins, became the bride of Lieut. Joe Frank Marchant, of Denison.

The couple exchanged their vows as Rev. Richmond McKinney, pastor of the First Presbyterian Church, read the impressive double ring ceremony. The immediate families of the bride and groom were in attendance.

The decorations of the home carried out an all white motif, with an elongated arrangement of gladioli blossoms, stock and carnations used upon the mantlepiece. Banked about the fireplace were green and white caladium and fern flanked by white wrought-iron standards holdin white tapers. Preceeding the ceremony Jon Riggs Perkins, cousin of the bride, lighted the candles.

Mrs. John Jeanes sister of the bride sang "I Love You Truly" as a pre- nuptial solo and "The Lord's Prayer" as the closing wedding prayer. She was accompanied at the piano by Mrs. Paul K. Wilson, who also played the wedding march.

Mr. Perkins gave his daughter in marriage. She was lovely in a Princess dress of white satin cotton heavily embroidered and fashioned with "V" neckline and short sleeves bound in satin. Her fingertip veil of illusion was caught to a lace bandeaux which was outlined in sequins and beaded in tiny pearls. She carried a white Bible, topped with a white orchid. Her jewelry was a single strand of pearls and heirloom diamond ear screws a gift of her paternal grandmother.

Miss Patty Perkins attended her sister as maid of honor, and wore a dress of ice blue brocade cotton in sheath design, with matching accessories. She carried a nosegay of blue carnations surrounded by blue satin leaves and wore blue flowers in her hair.

Lieut. Ronnie L. May, of Denison, attended the bridegroom.

An informal reception followed the ceremony at which time Miss Myra Garrett, of Dallas, and Miss Irma Williamson, of this city, served the double-ring wedding cake and punch.

The dining room table was covered in white linen damask, interwoven with gold and green threads. White stock and carnations in green lusters and a silver punch bowl were used upon the table while a silver epergne filled with flowers centered the buffet.

Lieut. and Mrs. Marchant left for a short wedding trip to Mineral Wells after which time he will return to Sheppard Field Air Force Base where he graduates July. 24. He will report to Naha Air Force Base, Okinawa, the middle of August, being accompanied to the West Coast by his wife. Mrs. Marchant will join her husband on Okinawa within a few months.

For her wedding trip, the bride wore a black, tailored dress of embossed cotton with white collar and with which she wore black accessories. Her black satin hat was worn with a short veil, studded in tiny pearls.

Mrs. Marchant is a graduate of Boyd High School and has been in summer school at North Texas State College the past semester. She is a member of a pioneer Collin County family, being the granddaughter of Mrs. Tom W. Perkins Sr., and the late Mayor Tom W. Perkins, who for many years was outstanding as a publisher and statesman of North Texas. She is also the granddaughter of Mrs. Cleve James of Longview.

Lieut. Marchant is the son of Rev. and Mrs. A. D. Marchant of Denison. He graduated from high school there and holds a B. S. degree from NTSC, Denton, where he was a member of Sigma Nu Fraternity. He has been in the service for a year.

Guests other than the immediate families included Mrs. J. E. Marchant, grandmother of the bridegroom, from Muskogee, Okla., Susan Howard of Refugio, Texas Miss Onella Essary of Denison, Dick Hague of Austin and Miss Adair Halsey of New Orleans, La.

T. E. Blackwell Makes Appeal To Voters Of Precinct

First, I want to apologize for not getting around to shake your hand and hand you a card. My reason is that I have been very ill and spent several days in Baylor Hospital. But I am glad to report that I am again on my road to recovery. So, if, you will, accept this as my personal contact, and consider me as a man who has a family to support, and have no other means of support.

When I first became your constable, I made a pledge (or promise) that I would at all times serve you to the best of my ability. I have kept that promise and shall continue to do so as long as I shall remain your humble servant.

For your kind consideration regarding this matter, I shall ever be grateful to you.

Respectively submitted,
